BOBOAKS

State Assembly

The 128th Assembly District, which includes all of Wayne County and parts of Cayuga and Oswego counties, is blessed with limitless natural beauty and a rich cultural history. As I drive through our communities, in my capacity as your representative in the New York State Assembly, I am always amazed at the magnificence of our natural wonders and I am reminded of the good people who settled our region and those who call it home today.

Exploring our area is an opportunity for family fun and enjoyment by individuals of all ages. I hope you've had recent opportunities to experience our region, but I would ask that you make a special effort in the coming weeks and months to seek out local events and locations of interest. It is always worth the time to enjoy our area, and in these difficult economic times we can stay local, have a great adventure, save money and support our local businesses.

Just a few miles from home, you can experience the trails and natural beauty of our area by automobile, boat, on foot, or on a bike. Our region also boasts a wide variety of world-class venues to visit, including wineries, bed & breakfasts, restaurants and farm markets, as well as outstanding fishing, boating and swimming opportunities in our abundant fresh water.

I am providing some information that I thought would be helpful in planning a fun-filled day in our area. Have a great time discovering all that our region has to offer.

Sincerely,

DRIVING TRAILS:
LAKE ONTARIO WINE TRAIL
 585-733-8366
